To Whom It May Concern:

As a New Jersey State Assemblyman representing Wall Township, I am pleased to recommend Wall Township for the distinction of being designated a Preserve America Community. The Wall Township committee and the citizens of Wall are committed to protecting and celebrating the heritage of the historic sites of local, national and international significance located in Wall.

The Township should be commended for its long-term and continued support of the volunteer organization in the town that encourages people to experience and appreciate local historic resources through education and heritage tourism programs.

The support of the town has enabled the preservation of the Allgor Homestead and Blansinburg school house by the Old Wall Historical Society.

The Township Committee has shown the foresight to protect and enable the preservation of the 37 acre Camp Evans historic district. This is a large undertaking in which most local governments would not have stepped up to the challenge. Many persons are involved in expanding the science-history center established at Camp Evans. The center will create employment to serve the growing number of visitors to the historic location.

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven J. Corodemus".

Steven J. Corodemus
Assemblyman, 11th District
